## Velocity Chart

Switch report ▾

[How to read this chart](#)

Timeframe: 3 months ▾

Apply

[Give feedback](#)**Committed**

The amount of work in the sprint when it started.

**Completed**

The amount of work actually done during the sprint.

**Average**

The amount of work done on average in all shown sprints.

How to read this chart

Track the total work remaining and project the likelihood of achieving the sprint goal. This helps your team manage its progress and respond accordingly.

[Hide this information](#)

This Chart Helps us with identifying if we will meet our targets or not. Luckily my sprint was really easy and was completed on time

Reopen sprint

🔗 How to read this chart

The Burnup Chart provides a visual representation of a sprint's completed work compared with its total scope. Track your team's progress towards sprint completion and identify problems related to scope creep.

[Hide this information](#)

This Board Tells us about the progress towards completing the issue and the amount of issues raised.
